

**FOREST LAKES FIRE  
DISTRICT  
0023 Fee Schedule Policy**

**Purpose**

The Fire Department may bill to recover costs of providing services such as non-emergency services, general services and in addition, like many other agencies in the state, we will attempt to recover response related costs to motor vehicle accidents, vehicle fires, hazardous materials releases, stand-by for bomb threats, pipeline ruptures (i.e., gas, sewer, septic, water), arson investigations and structure fires.

**Definitions**

Communities such as ours have enacted fees in an attempt to recover the cost of providing services, softening the impact of ever increasing demands on an already overburdened general fund.

## FOREST LAKES FIRE DISTRICT 0023 Fee Schedule Policy

These average billing rates were determined by itemizing costs for a typical run (from the time a fire apparatus leaves the station until it returns to the station) and are based on the actual costs, using amortized schedules for apparatus (including useful life, equipment, repairs, and maintenance) and labor rates (an average department's "actual personnel expense" and not just a firefighter's basic wage). The actual personnel expense includes costs such as wages, retirement, benefits, workers comp, insurance, etc.
